Valve Sales Inc.

Valve and Actuator Solutions

About Us

Valve Sales provides process-oriented engineered solutions for the oil and gas industry. Since 1975, we've grown our business by helping our customers grow theirs.

Why Choose VSI?

- Custom engineered solutions
- Cost-effective products
- Customer-focused team

Mobile Lab

Scheduling mobile lab services enables you to get back up and running without having to worry about shipping damages or long turnaround times.

- Fully-equipped mobile unit
- Capacity for certified air and water valve testing or VR repairs on our field-mounted VR repair stand
- Pressure capabilities range up to 1,500 psi
- Available for emergencies

Valve Sales Professionals Deliver Quality Service on Your Terms

We Can Test, Maintain, and Repair Your Equipment On-site or in the Shop

- Valve, actuator, and instrumentation sourcing
- Valve services:
  - Selection
  - Sizing
  - Installation
  - Repairs
  - Upgrades/replacements
  - Calibration
- Rupture disc sales repair and service
- O_2 cleaning
- MOV/AOV repair
- Pipeline actuator service
- Field and shop machining
- Hydrofluoric acid services
- In-line valve hydraulic lift assist testing
- Repair documentation
- Positive material identification (PMI)
- Reclamation

Valve Sales Inc. is a fully-audited VR service facility. We're qualified to repair all manufacturers' pressure relief valves (PRVs) for Section I, Section IV, and Section VIII (UV) applications.

Electric Actuation

Electric Actuators

Asahi

If you're looking for a tried-and-true electric actuator fit for any price point, look no further than Asahi/America. Asahi/America's actuators feature:

- 12 and 24VDC, 120 and 240VAC models
- Output torque range from 400 in/lbs to 2000 in/lbs
- ISO mounting configurations
- Multiple option modules
- Feedback, Modbus
- Positioner control board (multiple signal types)

Promation

Promation Engineering designs, engineers, and distributes high-quality industrial electric quarter-turn actuators ranging from 55 lbs to 40,000 lbs.

- 12 and 24VDC, 120 and 240VAC models
- Output torque range from 55 in/lbs to 40,000 in/lbs
- ISO mounting configurations
- Optional manual override
- Feedback, Modbus available
- High-resolution positioner control board

Other brands we can source include Valvcon, Indelac, ABZ, EIM, and more.

Instrumentation

Remanufactured Rosemount®, Fisher®, and Foxboro® by Automation Service

- 2-year warranty from date of installation
- Fast turnaround
- Extremely cost-effective
- Transmitters, controllers, flow meters, and tubes

Automation Service is the sole warranter of this product and is NOT affiliated or endorsed by Fisher®. Automation Service is not an FM Approved Repair Facility and cannot supply remanufactured or repaired FM Approved equipment for Hazardous Locations.

Control Valves & Chokes

Pneumatic

Featured brands include Remanufactured Fisher® valves by Automation Service, Kimray, and Norriseal.

Sliding Stem Valves

Butterfly Valves

V-ball Valves

Electric

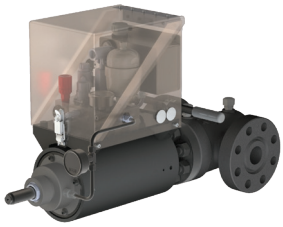
We can adapt our multiple lines of electric actuators to almost any control valve or choke.

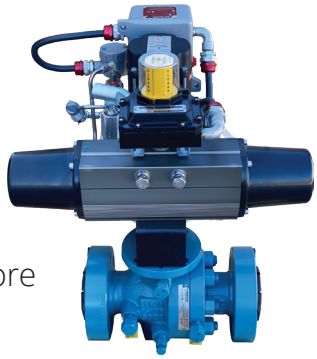
Chokes

Featured brands include Hydroplex, Cyclonic, Wellmark, and more.

Emergency Shutdown

Prevent hazardous conditions with highly reliable emergency shutdown systems.





Hydraulic ESDs

- Featuring top brands like Aberdeen and Omni
- Self-contained hydraulic ESD options for remote locations
- Easy installation and maintenance
- 5,000 to 50,000 psi operating pressures
- Can meet API 6A standards

Pneumatic ESDs

- Multiple lines for ball valves 1″ to 48″
- Featured brands include Bettis, Morin, Ledeen, and more
- Mounting adaptation available for every application

Valve Sales Inc. can design and fabricate custom control panels in-house for your ESD application.

JBT Rotary to Linear Adapters

By using JBT's cutting edge lifters, you can adapt almost any rotary actuator to a linear valve. Further, converting your pneumatic actuation to electric will help you increase operational efficiency and lower emissions.

- Electric or pneumatic actuation adaptation
- Easy installation (no modifications required)
- Force loaded seat
- Sealed enclosure
- Accurate travel

JBT has lifters for:

- Kimray
- Norriseal
- Fisher (E-body and D-body)
- With up to 2" of travel, they can adapt to most linear valves up to 3500 lbs of thrust

They also offer adapters for Merla valves, Fisher V-ball valves, and more.
